At the foot of the legendary Atlas mountains, stands the imperial city of Marrakech. A stronghold of many of Morocco's most powerful ruling dynasties, Marrakech was the power center from which territories that extended from modern-day Spain to the banks of the Senegal river were governed.

The creativity of Moroccan artisans and their unrivaled attention for detail is evident in every corner of Pink Riad: handmade terracotta tiles assembled to form intricate floor and wall mosaics, precious wood chiseled to reveal stunning arabesques and flora and tasteful, timeless décor pieces that effortlessly make a statement.

Infused with an authentic Moroccan spirit and the elegance of Moorish culture, **Pink Riad** is a collection of Housing units integrated to a *3 stories Riad*, inspired by the aesthetics and the vibrant atmosphere of Marrakech.
